Ex. Ord. No. 13231, Oct. 16, 2001, 66 F.R. 53063, as amended by Ex. Ord. No. 13284, §2, Jan. 23, 2003, 68 F.R. 4075; Ex. Ord. No. 13286, §7, Feb. 28, 2003, 68 F.R. 10620; Ex. Ord. No. 13385, §5, Sept. 29, 2005, 70 F.R. 57990, provided:

By the authority vested in me as President by the Constitution and the laws of the United States of America, and in order to ensure protection of information systems for critical infrastructure, including emergency preparedness communications and the physical assets that support such systems, in the information age, it is hereby ordered as follows:

SECTION 1. *Policy*. The information technology revolution has changed the way business is transacted, government operates, and national defense is conducted. Those three functions now depend on an interdependent network of critical information infrastructures. It is the policy of the United States to protect against disruption of the operation of information systems for critical infrastructure and thereby help to protect the

people, economy, essential human and government services, and national security of the United States, and to ensure that any disruptions that occur are infrequent, of minimal duration, and manageable, and cause the least damage possible. The implementation of this policy shall include a voluntary public-private partnership, involving corporate and nongovernmental organizations.

SEC. 2. *Continuing Authorities*. This order does not alter the existing authorities or roles of United States Government departments and agencies. Authorities set forth in 44 U.S.C. chapter 35, and other applicable law, provide senior officials with responsibility for the security of Federal Government information systems.

(a) *Executive Branch Information Systems Security*. The Director of the Office of Management and Budget (OMB) has the responsibility to develop and oversee the implementation of government-wide policies, principles, standards, and guidelines for the security of information systems that support the executive branch departments and agencies, except those noted in section 2(b) of this order. The Director of OMB shall advise the President and the appropriate department or agency head when there is a critical deficiency in the security practices within the purview of this section in an executive branch department or agency.

(b) *National Security Information Systems*. The Secretary of Defense and the Director of Central Intelligence (DCI) shall have responsibility to oversee, develop, and ensure implementation of policies, principles, standards, and guidelines for the security of information systems that support the operations under their respective control. In consultation with the Assistant to the President for National Security Affairs and the affected departments and agencies, the Secretary of Defense and the DCI shall develop policies, principles, standards, and guidelines for the security of national security information systems that support the operations of other executive branch departments and agencies with national security information.

(i) Policies, principles, standards, and guidelines developed under this subsection may require more stringent protection than those developed in accordance with section 2(a) of this order.

(ii) The Assistant to the President for National Security Affairs shall advise the President and the appropriate department or agency when there is a critical deficiency in the security practices of a department or agency within the purview of this section.

(iii) *National Security Systems*. The National Security Telecommunications and Information Systems Security Committee, as established by and consistent with NSD-42 and chaired by the Department of Defense, shall be designated as the “Committee on National Security Systems.”

(c) *Additional Responsibilities*. The heads of executive branch departments and agencies are responsible and accountable for providing and maintaining adequate levels of security for information systems, including emergency preparedness communications systems, for programs under their control. Heads of such departments and agencies shall ensure the development and, within available appropriations, funding of programs that adequately address these mission systems, especially those critical systems that support the national security and other essential government programs. Additionally, security should enable, and not unnecessarily impede, department and agency business operations.

SEC. 3. *The National Infrastructure Advisory Council*. The National Infrastructure Advisory Council (NIAC), established on October 16, 2001, shall provide the President through the Secretary of Homeland Security with advice on the security of the critical infrastructure sectors and their information systems.

(a) *Membership*. The NIAC shall be composed of not more than 30 members appointed by the President, taking appropriate account of the benefits of having members (i) from the private sector, including but not limited to banking and finance, transportation, energy,

communications, and emergency services organizations and institutions of higher learning, and State, local, and tribal governments, (ii) with senior leadership responsibilities for the reliability and availability, which include security, of the critical infrastructure and key resource sectors, (iii) with expertise relevant to the functions of the NIAC, and (iv) with experience equivalent to that of a chief executive of an organization. Unless otherwise determined by the President, no full-time officer or employee of the executive branch shall be appointed to serve as a member of the NIAC. The President shall designate from among the members of the NIAC a Chair and a Vice Chair, who shall perform the functions of the Chair if the Chair is absent, disabled, or in the instance of a vacancy in the Chair.

(b) Functions of the NIAC. The NIAC shall meet periodically to:

(i) enhance the partnership of the public and private sectors in protecting critical infrastructures and their information systems and provide reports on this issue to the President through the Secretary of Homeland Security, as appropriate;

(ii) propose and develop ways to encourage private industry to perform periodic risk assessments;

(iii) monitor the development and operations of private sector coordinating councils and their information sharing mechanisms and provide recommendations to the President through the Secretary of Homeland Security on how these organizations can best foster improved cooperation among the sectors, the Department of Homeland Security, and other Federal Government entities;

(iv) report to the President through the Secretary of Homeland Security, who shall ensure appropriate coordination with the Assistant to the President for Homeland Security and Counterterrorism, the Assistant to the President for Economic Policy, and the Assistant to the President for National Security Affairs under the terms of this order; and

(v) advise sector specific agencies with critical infrastructure responsibilities to include issues pertaining to sector and government coordinating councils and their information sharing mechanisms.

(c) Administration of the NIAC.

(i) The NIAC may hold hearings, conduct inquiries, and establish subcommittees, as appropriate.

(ii) Upon request of the Chair, and to the extent permitted by law, the heads of the executive departments and agencies shall provide the NIAC with information and advice relating to its functions.

(iii) Senior Federal Government officials may participate in the meetings of the NIAC, as appropriate.

(iv) Members shall serve without compensation for their work on the NIAC. However, members may be reimbursed for travel expenses, including per diem in lieu of subsistence, as authorized by law for persons serving intermittently in Federal Government service (5 U.S.C. 5701-5707).

(v) To the extent permitted by law and subject to the availability of appropriations, the Department of Homeland Security shall provide the NIAC with administrative services, staff, and other support services, and such funds as may be necessary for the performance of the NIAC's functions.

SEC. 4. *Judicial Review.* This order does not create any right or benefit, substantive or procedural, enforceable at law or in equity, against the United States, its departments, agencies, or other entities, its officers or employees, or any other person.

(B) is serving under an appointment without time limitation,

(e) Effect of subsequent employment with the Government

An individual who receives a voluntary separation incentive payment under this section and who, within 5 years after the date of the separation on which the payment is based, accepts any compensated employment with the Government or works for any agency of the Government through a personal services contract, shall be required to pay, prior to the individual’s first day of employment, the entire amount of the incentive payment. Such payment shall be made to the covered entity from which the individual separated or, if made on or after the transfer date, to the Deputy Secretary or the Under Secretary for Border and Transportation Security (for transfer to the appropriate component of the Department of Homeland Security, if necessary).

CHANGE OF NAME

Select Committee on Homeland Security, which was established by House Resolution 449, One Hundred Sev-

enth Congress, June 19, 2002, and reestablished by section 4 of House Resolution 5, One Hundred Eighth Congress, Jan. 4, 2005, was not reestablished in the One Hundred Ninth Congress. Rule X(1)(i) of the Rules of the House of Representatives, One Hundred Ninth Congress, as amended by section 2 of House Resolution 5, One Hundred Ninth Congress, Jan. 4, 2005, established a Committee on Homeland Security. For jurisdiction of the Select Committee on Homeland Security and of the Committee on Homeland Security, see section 4 of House Resolution 5, One Hundred Eighth Congress, and Rule X(1)(i) of the Rules of the House, One Hundred Ninth Congress.

Committee on Governmental Affairs of Senate changed to Committee on Homeland Security and Governmental Affairs of Senate, effective Jan. 4, 2005, by Senate Resolution No. 445, One Hundred Eighth Congress, Oct. 9, 2004.

FINDINGS

Pub. L. 108-330, §2, Oct. 16, 2004, 118 Stat. 1275, provided that: “The Congress finds the following:

“(1) Influential financial management leadership is of vital importance to the mission success of the Department of Homeland Security. For this reason, the Chief Financial Officer of the Department must be a key figure in the Department’s management.

“(2) To provide a sound financial leadership structure, the provisions of law enacted by the Chief Financial Officers Act of 1990 (Public Law 101-576) [see Short Title of 1990 Amendment note set out under section 501 of Title 31, Money and Finance] provide that the Chief Financial Officer of each of the Federal executive departments is to be a Presidential appointee who reports directly to the Secretary of that department on financial management matters. Because the Department of Homeland Security was only recently created, the provisions enacted by that Act must be amended to include the Department within these provisions.

“(3) The Department of Homeland Security was created by consolidation of 22 separate Federal agencies, each with its own accounting and financial management system. None of these systems was developed with a view to executing the mission of the Department of Homeland Security to prevent terrorist attacks within the United States, reduce the Nation’s vulnerability to terrorism, and minimize the damage and assist in the recovery from terrorist attacks. For these reasons, a strong Chief Financial Officer is needed within the Department both to consolidate financial management operations, and to insure that management control systems are comprehensively designed to achieve the mission and execute the strategy of the Department.

“(4) The provisions of law enacted by the Chief Financial Officers Act of 1990 require agency Chief Financial Officers to improve the financial information available to agency managers and the Congress. Those provisions also specify that agency financial management systems must provide for the systematic measurement of performance. In the case of the Department of Homeland Security, therefore, it is vitally important that management control systems be designed with a clear view of a homeland security strategy, including the priorities of the Department in addressing those risks of terrorism deemed most significant based upon a comprehensive assessment of potential threats, vulnerabilities, criticality, and consequences. For this reason, Federal law should be amended to clearly state the responsibilities of the Chief Financial Officer of the Department of Homeland Security to provide management control information, for the benefit of managers within the Department and to help inform the Congress, that permits an assessment of the Department’s performance in executing a homeland security strategy.”

(b) Designation of qualified anti-terrorism technologies

The Secretary may designate anti-terrorism technologies that qualify for protection under the system of risk management set forth in this part in accordance with criteria that shall include, but not be limited to, the following:

(1) Prior United States Government use or demonstrated substantial utility and effectiveness.

(2) Availability of the technology for immediate deployment in public and private settings.

(3) Existence of extraordinarily large or extraordinarily unquantifiable potential third party liability risk exposure to the Seller or other provider of such anti-terrorism technology.

(5) Magnitude of risk exposure to the public if such anti-terrorism technology is not deployed.

(6) Evaluation of all scientific studies that can be feasibly conducted in order to assess the capability of the technology to substantially reduce risks of harm.

(7) Anti-terrorism technology that would be effective in facilitating the defense against acts of terrorism, including technologies that prevent, defeat or respond to such acts.

(Pub. L. 107-296, title VIII, § 862, Nov. 25, 2002, 116 Stat. 2238.)

SHORT TITLE

For short title of this part as the “Support Anti-terrorism by Fostering Effective Technologies Act of 2002” or the “SAFETY Act”, see section 861 of Pub. L. 107-296, set out as a Short Title note under section 101 of this title.

§ 442. Litigation management

(a) Federal cause of action

(1) In general

There shall exist a Federal cause of action for claims arising out of, relating to, or result-

ing from an act of terrorism when qualified anti-terrorism technologies have been deployed in defense against or response or recovery from such act and such claims result or may result in loss to the Seller. The substantive law for decision in any such action shall be derived from the law, including choice of law principles, of the State in which such acts of terrorism occurred, unless such law is inconsistent with or preempted by Federal law. Such Federal cause of action shall be brought only for claims for injuries that are proximately caused by sellers that provide qualified anti-terrorism technology to Federal and non-Federal government customers.

(2) Jurisdiction

Such appropriate district court of the United States shall have original and exclusive jurisdiction over all actions for any claim for loss of property, personal injury, or death arising out of, relating to, or resulting from an act of terrorism when qualified anti-terrorism technologies have been deployed in defense against or response or recovery from such act and such claims result or may result in loss to the Seller.

(b) Special rules

In an action brought under this section for damages the following provisions apply:

(1) Punitive damages

No punitive damages intended to punish or deter, exemplary damages, or other damages not intended to compensate a plaintiff for actual losses may be awarded, nor shall any party be liable for interest prior to the judgment.

(2) Noneconomic damages

(A) In general

Noneconomic damages may be awarded against a defendant only in an amount directly proportional to the percentage of responsibility of such defendant for the harm to the plaintiff, and no plaintiff may recover noneconomic damages unless the plaintiff suffered physical harm.

(B) Definition

For purposes of subparagraph (A), the term “noneconomic damages” means damages for losses for physical and emotional pain, suffering, inconvenience, physical impairment, mental anguish, disfigurement, loss of enjoyment of life, loss of society and companionship, loss of consortium, hedonic damages, injury to reputation, and any other nonpecuniary losses.

(c) Collateral sources

Any recovery by a plaintiff in an action under this section shall be reduced by the amount of collateral source compensation, if any, that the plaintiff has received or is entitled to receive as a result of such acts of terrorism that result or may result in loss to the Seller.

(d) Government contractor defense

(1) In general

Should a product liability or other lawsuit be filed for claims arising out of, relating to,

or resulting from an act of terrorism when qualified anti-terrorism technologies approved by the Secretary, as provided in paragraphs (2) and (3) of this subsection, have been deployed in defense against or response or recovery from such act and such claims result or may result in loss to the Seller, there shall be a rebuttable presumption that the government contractor defense applies in such lawsuit. This presumption shall only be overcome by evidence showing that the Seller acted fraudulently or with willful misconduct in submitting information to the Secretary during the course of the Secretary's consideration of such technology under this subsection. This presumption of the government contractor defense shall apply regardless of whether the claim against the Seller arises from a sale of the product to Federal Government or non-Federal Government customers.

(2) Exclusive responsibility

The Secretary will be exclusively responsible for the review and approval of anti-terrorism technology for purposes of establishing a government contractor defense in any product liability lawsuit for claims arising out of, relating to, or resulting from an act of terrorism when qualified anti-terrorism technologies approved by the Secretary, as provided in this paragraph and paragraph (3), have been deployed in defense against or response or recovery from such act and such claims result or may result in loss to the Seller. Upon the Seller's submission to the Secretary for approval of anti-terrorism technology, the Secretary will conduct a comprehensive review of the design of such technology and determine whether it will perform as intended, conforms to the Seller's specifications, and is safe for use as intended. The Seller will conduct safety and hazard analyses on such technology and will supply the Secretary with all such information.

(3) Certificate

For anti-terrorism technology reviewed and approved by the Secretary, the Secretary will issue a certificate of conformance to the Seller and place the anti-terrorism technology on an Approved Product List for Homeland Security.

(e) Exclusion

Nothing in this section shall in any way limit the ability of any person to seek any form of recovery from any person, government, or other entity that—

- (1) attempts to commit, knowingly participates in, aids and abets, or commits any act of terrorism, or any criminal act related to or resulting from such act of terrorism; or
- (2) participates in a conspiracy to commit any such act of terrorism or any such criminal act.

(Pub. L. 107-296, title VIII, § 863, Nov. 25, 2002, 116 Stat. 2239.)

§ 443. Risk management

(a) In general

(1) Liability insurance required

Any person or entity that sells or otherwise provides a qualified anti-terrorism technology

to Federal and non-Federal Government customers ("Seller") shall obtain liability insurance of such types and in such amounts as shall be required in accordance with this section and certified by the Secretary to satisfy otherwise compensable third-party claims arising out of, relating to, or resulting from an act of terrorism when qualified anti-terrorism technologies have been deployed in defense against or response or recovery from such act.

(2) Maximum amount

For the total claims related to 1 such act of terrorism, the Seller is not required to obtain liability insurance of more than the maximum amount of liability insurance reasonably available from private sources on the world market at prices and terms that will not unreasonably distort the sales price of Seller's anti-terrorism technologies.

(3) Scope of coverage

Liability insurance obtained pursuant to this subsection shall, in addition to the Seller, protect the following, to the extent of their potential liability for involvement in the manufacture, qualification, sale, use, or operation of qualified anti-terrorism technologies deployed in defense against or response or recovery from an act of terrorism:

- (A) Contractors, subcontractors, suppliers, vendors and customers of the Seller.
- (B) Contractors, subcontractors, suppliers, and vendors of the customer.

(4) Third party claims

Such liability insurance under this section shall provide coverage against third party claims arising out of, relating to, or resulting from the sale or use of anti-terrorism technologies.

(b) Reciprocal waiver of claims

The Seller shall enter into a reciprocal waiver of claims with its contractors, subcontractors, suppliers, vendors and customers, and contractors and subcontractors of the customers, involved in the manufacture, sale, use or operation of qualified anti-terrorism technologies, under which each party to the waiver agrees to be responsible for losses, including business interruption losses, that it sustains, or for losses sustained by its own employees resulting from an activity resulting from an act of terrorism when qualified anti-terrorism technologies have been deployed in defense against or response or recovery from such act.

(c) Extent of liability

Notwithstanding any other provision of law, liability for all claims against a Seller arising out of, relating to, or resulting from an act of terrorism when qualified anti-terrorism technologies have been deployed in defense against or response or recovery from such act and such claims result or may result in loss to the Seller, whether for compensatory or punitive damages or for contribution or indemnity, shall not be in an amount greater than the limits of liability insurance coverage required to be maintained by the Seller under this section.

(Pub. L. 107-296, title VIII, § 864, Nov. 25, 2002, 116 Stat. 2240.)

(D) recommend, where appropriate, changes to those activities to improve the performance of the Department in meeting its responsibility to stop the entry of illegal drugs into the United States.

(3) Classified or law enforcement sensitive information

Any content of a review and evaluation described in the reports required in this subsection that involves information classified under criteria established by an Executive order, or whose public disclosure, as determined by the Secretary, would be detrimental to the law enforcement or national security activities of the Department or any other Federal, State, or local agency, shall be presented to Congress separately from the rest of the review and evaluation.

§ 465. Joint Interagency Task Force**(a) Establishment**

The Secretary may establish and operate a permanent Joint Interagency Homeland Security Task Force composed of representatives from military and civilian agencies of the United States Government for the purposes of anticipating terrorist threats against the United States and taking appropriate actions to prevent harm to the United States.

(b) Structure

It is the sense of Congress that the Secretary should model the Joint Interagency Homeland Security Task Force on the approach taken by the Joint Interagency Task Forces for drug interdiction at Key West, Florida and Alameda, California, to the maximum extent feasible and appropriate.

(Pub. L. 107-296, title VIII, §885, Nov. 25, 2002, 116 Stat. 2247.)

§ 466. Sense of Congress reaffirming the continued importance and applicability of the Posse Comitatus Act

(a) Findings

Congress finds the following:

(1) Section 1385 of title 18 (commonly known as the “Posse Comitatus Act”) prohibits the use of the Armed Forces as a posse comitatus to execute the laws except in cases and under circumstances expressly authorized by the Constitution or Act of Congress.

(2) Enacted in 1878, the Posse Comitatus Act was expressly intended to prevent United States Marshals, on their own initiative, from calling on the Army for assistance in enforcing Federal law.

(3) The Posse Comitatus Act has served the Nation well in limiting the use of the Armed Forces to enforce the law.

(4) Nevertheless, by its express terms, the Posse Comitatus Act is not a complete barrier to the use of the Armed Forces for a range of domestic purposes, including law enforcement functions, when the use of the Armed Forces is authorized by Act of Congress or the President determines that the use of the Armed Forces is required to fulfill the President’s obligations under the Constitution to respond promptly in time of war, insurrection, or other serious emergency.

(5) Existing laws, including chapter 15 of title 10 (commonly known as the “Insurrection Act”), and the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5121 et seq.), grant the President broad powers that may be invoked in the event of domestic emergencies, including an attack against the Nation using weapons of mass destruction, and these laws specifically authorize the President to use the Armed Forces to help restore public order.

(b) Sense of Congress

Congress reaffirms the continued importance of section 1385 of title 18, and it is the sense of Congress that nothing in this chapter should be construed to alter the applicability of such section to any use of the Armed Forces as a posse comitatus to execute the laws.

PART I—INFORMATION SHARING

§ 481. Short title; findings; and sense of Congress

(a) Short title

This part may be cited as the “Homeland Security Information Sharing Act”.

(b) Findings

Congress finds the following:

(1) The Federal Government is required by the Constitution to provide for the common defense, which includes terrorist attack.

(2) The Federal Government relies on State and local personnel to protect against terrorist attack.

(3) The Federal Government collects, creates, manages, and protects classified and sensitive but unclassified information to enhance homeland security.

(4) Some homeland security information is needed by the State and local personnel to prevent and prepare for terrorist attack.

(5) The needs of State and local personnel to have access to relevant homeland security information to combat terrorism must be reconciled with the need to preserve the protected status of such information and to protect the sources and methods used to acquire such information.

(6) Granting security clearances to certain State and local personnel is one way to facilitate the sharing of information regarding specific terrorist threats among Federal, State, and local levels of government.

(7) Methods exist to declassify, redact, or otherwise adapt classified information so it may be shared with State and local personnel without the need for granting additional security clearances.

(8) State and local personnel have capabilities and opportunities to gather information on suspicious activities and terrorist threats not possessed by Federal agencies.

(9) The Federal Government and State and local governments and agencies in other jurisdictions may benefit from such information.

(10) Federal, State, and local governments and intelligence, law enforcement, and other emergency preparation and response agencies must act in partnership to maximize the benefits of information gathering and analysis to prevent and respond to terrorist attacks.

(11) Information systems, including the National Law Enforcement Telecommunications System and the Terrorist Threat Warning System, have been established for rapid sharing of classified and sensitive but unclassified information among Federal, State, and local entities.

(12) Increased efforts to share homeland security information should avoid duplicating existing information systems.

(c) Sense of Congress

It is the sense of Congress that Federal, State, and local entities should share homeland security information to the maximum extent practicable, with special emphasis on hard-to-reach urban and rural communities.

(B) identify and safeguard homeland security information that is sensitive but unclassified; and

(C) to the extent such information is in classified form, determine whether, how, and to what extent to remove classified information, as appropriate, and with which such personnel it may be shared after such information is removed.

(2) The President shall ensure that such procedures apply to all agencies of the Federal Government.

(3) Such procedures shall not change the substantive requirements for the classification and safeguarding of classified information.

(4) Such procedures shall not change the requirements and authorities to protect sources and methods.

(b) Procedures for sharing of homeland security information

(1) Under procedures prescribed by the President, all appropriate agencies, including the intelligence community, shall, through information sharing systems, share homeland security information with Federal agencies and appropriate State and local personnel to the extent such information may be shared, as determined in accordance with subsection (a) of this section, together with assessments of the credibility of such information.

(2) Each information sharing system through which information is shared under paragraph (1) shall—

(A) have the capability to transmit unclassified or classified information, though the procedures and recipients for each capability may differ;

(B) have the capability to restrict delivery of information to specified subgroups by geographic location, type of organization, position of a recipient within an organization, or a recipient's need to know such information;

(C) be configured to allow the efficient and effective sharing of information; and

(D) be accessible to appropriate State and local personnel.

(3) The procedures prescribed under paragraph (1) shall establish conditions on the use of information shared under paragraph (1)—

(A) to limit the redissemination of such information to ensure that such information is not used for an unauthorized purpose;

(B) to ensure the security and confidentiality of such information;

(C) to protect the constitutional and statutory rights of any individuals who are subjects of such information; and

(D) to provide data integrity through the timely removal and destruction of obsolete or erroneous names and information.

(4) The procedures prescribed under paragraph (1) shall ensure, to the greatest extent practicable, that the information sharing system through which information is shared under such paragraph include existing information sharing systems, including, but not limited to, the National Law Enforcement Telecommunications System, the Regional Information Sharing System, and the Terrorist Threat Warning System of the Federal Bureau of Investigation.

(5) Each appropriate Federal agency, as determined by the President, shall have access to each information sharing system through which information is shared under paragraph (1), and shall therefore have access to all information, as appropriate, shared under such paragraph.

(6) The procedures prescribed under paragraph (1) shall ensure that appropriate State and local personnel are authorized to use such information sharing systems—

(A) to access information shared with such personnel; and

(B) to share, with others who have access to such information sharing systems, the homeland security information of their own jurisdictions, which shall be marked appropriately as pertaining to potential terrorist activity.

(7) Under procedures prescribed jointly by the Director of Central Intelligence and the Attorney General, each appropriate Federal agency, as determined by the President, shall review and assess the information shared under paragraph (6) and integrate such information with existing intelligence.

(c) Sharing of classified information and sensitive but unclassified information with State and local personnel

(1) The President shall prescribe procedures under which Federal agencies may, to the extent the President considers necessary, share with appropriate State and local personnel homeland security information that remains classified or otherwise protected after the determinations prescribed under the procedures set forth in subsection (a) of this section.

(2) It is the sense of Congress that such procedures may include 1 or more of the following means:

(A) Carrying out security clearance investigations with respect to appropriate State and local personnel.

(B) With respect to information that is sensitive but unclassified, entering into non-disclosure agreements with appropriate State and local personnel.

(C) Increased use of information-sharing partnerships that include appropriate State and local personnel, such as the Joint Terrorism Task Forces of the Federal Bureau of Investigation, the Anti-Terrorism Task Forces of the Department of Justice, and regional Terrorism Early Warning Groups.

(3)(A) The Secretary shall establish a program to provide appropriate training to officials de-

scribed in subparagraph (B) in order to assist such officials in—

(i) identifying sources of potential terrorist threats through such methods as the Secretary determines appropriate;

(ii) reporting information relating to such potential terrorist threats to the appropriate Federal agencies in the appropriate form and manner;

(iii) assuring that all reported information is systematically submitted to and passed on by the Department for use by appropriate Federal agencies; and

(iv) understanding the mission and roles of the intelligence community to promote more effective information sharing among Federal, State, and local officials and representatives of the private sector to prevent terrorist attacks against the United States.

(B) The officials referred to in subparagraph (A) are officials of State and local government agencies and representatives of private sector entities with responsibilities relating to the oversight and management of first responders, counterterrorism activities, or critical infrastructure.

(C) The Secretary shall consult with the Attorney General to ensure that the training program established in subparagraph (A) does not duplicate the training program established in section 908 of the USA PATRIOT Act (Public Law 107-56; 28 U.S.C. 509 note).

(D) The Secretary shall carry out this paragraph in consultation with the Director of Central Intelligence and the Attorney General.

(e) Federal control of information

Under procedures prescribed under this section, information obtained by a State or local government from a Federal agency under this section shall remain under the control of the Federal agency, and a State or local law authorizing or requiring such a government to disclose information shall not apply to such information.

(3) Specification of the funds available to each agency that will be transferred to the Department as a result of transfers under the plan.

- The attached tables [not set out in the Code] provide estimates of the funds available to the agencies and entities that will be transferred to the Department by operation of the Act. The two tables include total funding (mandatory and discretionary including fees) and discretionary funding net of fees. The tables provide the enacted levels for 2002 and 2002 supplementals, and the President's requested levels for 2003.

Because of the current state of the 2003 budget process, information concerning the funds that will be available to each transferring agency on the date of the proposed transfers is not currently available and will not likely be available during the time period in which the President is to submit this Reorganization Plan. As additional information becomes available, it will be provided as may be required in accordance with the procedures under the Act for modification of this Plan or other applicable law.

(4) Specification of the proposed allocations within the Department of unexpended funds transferred in connection with transfers under the plan.

- The attached tables [not set out in the Code] provide estimates of the unobligated balances as of September 30, 2002, for the agencies and programs that will be transferred to the Department. The first table provides estimates of unobligated balances for the accounts that are moving to the Department in whole. The second table provides estimates of the unobligated balances in the accounts of which only a portion will be transferring to the new Department. These latter estimates, however, are of the unobligated balances for the full account, only a portion of which are associated with the activities that will be transferred to the Department. In addition, these unobligated balances are based on the Department of Treasury's estimates as of September 30, 2002, which are the latest available figures. Since October 1, 2002, Departments and agencies (except the Department of Defense) have been operating under continuing resolutions, and, as such, have been spending these balances to maintain current operations.

Authority to reallocate unexpended funds of agencies transferred under this Plan is found in H.J. Res. 124 [Pub. L. 107-294, Nov. 23, 2002, 116 Stat. 2062], the continuing resolution in effect currently and until January 11, 2003. The resolution provides authority for the Office of Management and Budget to transfer an amount not to exceed \$140,000,000 from unobligated balances of appropriations enacted before October 1, 2002 "for organizations and entities that will be transferred to the new Department and for salaries and expenses associated with the initiation of the Department." Such authority may be exercised upon providing 15 days' notice to the Appropriations Committees. We anticipate that it may be necessary to provide funding through such transfers both for transferring entities and for salaries and expenses associated with the initiation of the Department, including, for example, those associated with establishing the Office of the Secretary and other new offices provided for in the Act. Any plan to use such funding will follow the procedures required under the continuing resolution, including the provision of at least 15 days' notice to the Appropriations Committees.

(5) Specification of any proposed disposition of property, facilities, contracts, records, and other assets and obligations of agencies transferred under the plan.

- There is no intention to dispose of property, facility, contracts, records, and other assets and obligations of agencies transferred under the plan. All of such assets and obligations will transfer with each

agency pursuant to Section 1511(d)(1) of the Act [6 U.S.C. 551(d)(1)].

- Prior to and during the transition period (as defined by Section 1501(a)(2) of the Act [6 U.S.C. 541(a)(2)]), the Department may identify property, facilities, contracts, records, and other assets and obligations of agencies transferred that would be candidates for disposition due to duplication, non-use, obsolescence, and the like. If and when any such proposed dispositions are identified, we will follow provisions of the Act relating to modification of this plan or further notification of Congress.

(6) Specification of the proposed allocations within the Department of the functions of the agencies and subdivisions that are not related directly to securing the homeland.

- As agencies and subdivisions are transferred into the Department, any functions of those entities that are not directly related to securing the homeland will continue to be allocated to the agencies and subdivisions in which they are currently incorporated.

[Bureau of Border Security renamed Bureau of Immigration and Customs Enforcement, and Customs Service renamed Bureau of Customs and Border Protection, by Reorganization Plan Modification for the Department of Homeland Security, H. Doc. No. 108-32, 108th Congress, 1st Session, set out below.]

[For transfer of functions of Strategic National Stockpile to Secretary of Health and Human Services, with certain exceptions, see section 3(c)(1), (2) of Pub. L. 108-276, set out as a note under section 247d-6b of Title 42, The Public Health and Welfare.]

MESSAGE OF THE PRESIDENT

H. Doc. No. 108-32, 108th Congress, 1st Session, provided:

INTRODUCTION

This Reorganization Plan Modification is submitted pursuant to the Homeland Security Act ("the Act") of 2002 [Pub. L. 107-296, Nov. 25, 2002, 116 Stat. 2135]. All elements of the Department of Homeland Security Reorganization Plan of November 25, 2002 ("the Plan") [set out above] remain as submitted except for those modifications addressed herein.

PURPOSE OF MODIFICATION

This modification of the Plan is to establish and specify organizational units within the Border and Transportation Security Directorate. This modifica-

tion presents a structural change, but does not consolidate, discontinue, or diminish transferred agencies' current operations in the field.

PLAN MODIFICATIONS

(a) *Rename the "Bureau of Border Security" the "Bureau of Immigration and Customs Enforcement."* As required by the Act, this Bureau will be headed by an Assistant Secretary who will report directly to the Undersecretary for Border and Transportation Security.

This Bureau will comprise Immigration Naturalization Service (INS) interior enforcement functions, including the detention and removal program, the intelligence program, and the investigations program. At the same time, pursuant to this modification, the interior enforcement resources and missions of the Customs Service and the Federal Protective Service will be added to this Bureau. The mission of the Bureau is:

1. To enforce the full range of immigration and customs laws within the interior of the United States; and,
2. To protect specified federal buildings.

The Assistant Secretary will:

1. Establish and oversee the administration of the policies for performing the detention and removal program, the intelligence program, and the investigation program functions as are—

(a) transferred to the Under Secretary for Border and Transportation Security by Section 441 of the Act [6 U.S.C. 251] and delegated to the Assistant Secretary by the Under Secretary for Border and Transportation Security; or

(b) otherwise vested in the Assistant Secretary by law.

2. Advise the Under Secretary for Border and Transportation Security with respect to any policy or operation of the Bureau that may affect the Bureau of Citizenship and Immigration Services established under subtitle E of the Act [probably means subtitle E of title IV of the Act, 6 U.S.C. 271 et seq.], including potentially conflicting policies and operations.

(b) *Rename the "Customs Service" the "Bureau of Customs and Border Protection."* This Bureau will be headed by the Commissioner of Customs and will report to the Under Secretary for Border and Transportation Security.

The Bureau will contain the resources and missions relating to borders and ports of entry of the Customs Service, the INS, including the Border Patrol and the inspections program, and the agricultural inspections function of the Agricultural Quarantine Inspection program.

The Commissioner will:

1. Establish and oversee the administration of the policies for performing the Border Patrol and inspections program functions as are—

(a) transferred to the Under Secretary for Border and Transportation Security by Section 441 of the Act [6 U.S.C. 251] and delegated to the Commissioner by the Under Secretary for Border and Transportation Security; or

(b) otherwise vested in the Assistant Secretary [probably should be "Commissioner"] by law.

2. Advise the Under Secretary for Border and Transportation Security with respect to any policy or operation of the Bureau that may affect the Bureau of Citizenship and Immigration Services established under subtitle E of the Act [probably means subtitle E of title IV of the Act, 6 U.S.C. 271 et seq.], including potentially conflicting policies and operations.

IMPLEMENTATION DATE

March 1, 2003

ELEMENTS REQUIRED BY THE ACT TO BE SUBMITTED WITH MODIFIED PLAN

(1) *Identification of any functions of agencies transferred to the Department pursuant to this Act that will not be transferred to the Department under the plan.*

None.

(2) *Specification of the steps to be taken by the Secretary to organize the Department, including the delegation or assignment of functions transferred to the Department among officers of the Department in order to permit the Department to carry out the functions transferred under the plan.*

See plan modifications above.

(3) *Specification of the funds available to each agency that will be transferred to the Department as a result of transfers under the plan.*

The table attached at Tab A [not set out in the Code] provides estimates of the funds available to the agencies affected by this modification that will be transferred to the Department by operation of the Act. The table includes total funding (mandatory and discretionary including fees) and discretionary funding net of fees. The table provides the President's requested levels for 2003.

Because of the current state of the 2003 budget process, information concerning the funds that will be available to each transferring agency on the date of the proposed transfers is not currently available. As additional information becomes available, it will be provided as may be required in accordance with the procedures under the Act for modification of this Plan or other applicable law.

(4) *Specification of the proposed allocations within the Department of unexpended funds transferred in connection with transfers under the plan.*

The table attached at Tab B [not set out in the Code] provides updated estimates of the unobligated balances as of September 30, 2002, for the agencies affected by this modification that will be transferred to the Department. Since October 1, 2002, these agencies have been operating under continuing resolutions, and, as such, have been spending these balances to maintain current operations. As additional information becomes available, it will be provided as may be required in accordance with the procedures under the Act for modification of this Plan or other applicable law.

(5) *Specification of any proposed disposition of property, facilities, contracts, records, and other assets and obligations of agencies transferred under the plan.*

There is no intention to dispose of property, facilities, contracts, records, and other assets and obligations of agencies transferred under this modification. All such assets and obligations will transfer with each agency pursuant to Section 1511(d)(1) of the Act [6 U.S.C. 551(d)(1)].

(6) *Specification of the proposed allocations within the Department of the functions of the agencies and subdivisions that are not related directly to securing the homeland.*

The functions of the agencies affected by this modification that are not directly related to securing the homeland will continue to be performed by the bureaus formed by this planned reorganization.
